Dear Mr. Yohman:

The Department has reviewed the referenced report and offers the following comments:

1. The Department concurs with the proposal to repair the existing wells detailed on Page A-1 of the referenced submittal.
2. The proposal to install an additional monitoring well is also approved. However, prior to issuing formal approval, the Department recommends conducting the requested meeting to discuss the Plume Analytics results. Possible dates for this meeting are May 31 or June 1 between 10 am and 2 pm. Please advise on your availability within these time frames or other times that may work for you at your earliest convenience.
3. Please feel free to contact me with any questions or comments at walker@dhcec.sc.gov or at (803)898-0722.
