JuLeigh,

Thank you for your comments. I have revised the slope on the proposed driveway to be a max of 8% and resubmitted the stamped plans for SCDOT review. We will provide the SCDES approval as soon as we have it. Let me know if you have any questions.

Thank you,

Subject: SCDOT Encroachment Permit Application 200160138 Jasper - DRIVEWAY - COMMERCIAL - Pinelevel Min Access and Resurfacing

Good afternoon, William;

I have the following comments on this permit application:

1. Provide SCDES approved mining permit
2. Max grade change for proposed driveway is 8% - Please refer to ARMS Section 3B-3
3. Once driveway grade has been revised, please provide stamped/signed For Construction plans.

Once you have addressed the above comments, I will issue your permit.

Thanks,

JuLeigh B Fleming, PE
