Re: Bench Scale Treatability Study Work Plan and Water Supply Well Response Letter
Former Shakespeare Composite Structures Site
Bench Scale Treatability Study Work Plan dated July 30, 2019
Summary of June 2019 Water Supply Well Sampling dated July 24, 2019
Newberry County
Voluntary Cleanup Contract 14-6271-RP
File #51025

Dear Mr. Weeks:

The South Carolina Department of Health and Environmental Control (Department) has reviewed and approves the bench scale treatability study work plan and the June water supply sampling. The Department is requesting to have the Chapman's water supply well sampled on a more frequent schedule when the field-scale pilot study is being implemented.

Please submit the bench-scale treatability report to my attention on or before February 28, 2020. Please feel free to contact me with any questions or comments at (803) 898-0722 or at kuhnkm@dhec.sc.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "K. Kuhn", is written over a horizontal line.

Kimberly Kuhn, Project Manager
State Voluntary Cleanup Section
Bureau of Land and Waste Management
