File # 51025

Dear Mr. Weeks:

The South Carolina Department of Health and Environmental Control (Department) has reviewed and approves the pilot study work plan. The Department noted that there will be three new observation wells installed and two designated areas for the pilot study. Once the underground injection permit is approved, a schedule needs to be submitted to the Department. Please feel free to contact me with any questions or comments at (803) 898-0722 or at [kuhnkm@dhec.sc.gov](mailto:kuhnkm@dhec.sc.gov).

Sincerely,
