**Subject: Response to Letter from SCDHEC dated October 16, 2023
Products (SE) Pipe Line Corporation
Lewis Drive Remediation Site
Belton, South Carolina
Site ID #18693, "Kinder Morgan Belton Pipeline Release"**

Dear Ms. Reilly,

On behalf of Products (SE) Pipe Line Corporation (PPL), Jacobs has prepared this response to the Assessment Work Plan Approval and Notice to Proceed letter received from the South Carolina Department of Health and Environmental Control (DHEC) in a letter date-stamped October 16, 2023 for Lewis Drive Remediation Site (Site ID #18693), located in Belton, South Carolina.

In the letter received from DHEC an assessment report to present the results of the assessment and well installations was requested to be submitted on or before January 30, 2024. To streamline DHEC's review process, rather than submit a stand-alone letter, Jacobs will include a summary of work activities of the four newly installed vertical air sparge wells within the Second 2023 Semiannual Monitoring and System Operation and Maintenance Report to DHEC on or before March 31, 2024.

If you have any further questions or concerns, please call me at (919) 859-5789, or Greg Dempsey/PPL at (770) 751-4143.

Regards,

William M. Waldron
Program Manager
