Subject: **Pilot Study to support Feasibility Report**
DHEC Department Letter Dated 9/1/2023
Consent Agreement (CA) 19-02-HW

Mr. Berresford:

In a letter dated September 1, 2023 the Department requested that the feasibility study (FS) report be submitted on or before November 30, 2024.

Westinghouse Electric Company Columbia Fuel Fabrication Facility (CFFF) requests permission to perform pilot studies (PS) in order to field test the proposed remedial alternatives technologies identified. The pilot studies would need to be completed before submitting the final FS report. Resultantly, CFFF is requesting that the FS report due date be deferred to allow time for the pilot study work to be completed.

CFFF requests Department approval for the PS work plan to be submitted on or before January 30, 2025.

Respectfully,

A handwritten signature in blue ink, appearing to read 'Diana P. Joyner'.
