

SC DEPARTMENT *of*  
**ENVIRONMENTAL  
SERVICES**

## **Lead and Copper Rule FREE Assistance**

To aid water systems with meeting the requirements of the upcoming Lead and Copper Rule Improvements, the South Carolina Department of Environmental Services has enlisted the support of **TruePani inc.** The assistance provided by TruePani and their subcontractors can help develop your Baseline Inventory by organizing your data, creating a work plan, and identifying service lines of unknown material **at no cost to your water system.**

They offer services both virtually and in-person and their free assistance is available to all public water systems in the state.

To receive this assistance, you must contact them via:

- email at [sclcri@truepani.com](mailto:sclcri@truepani.com)
- telephone at (803) 679-2754.
