Grand Strand Humane Society 3241 Mr. Joe White Ave. Myrtle Beach, SC 29577

#### Provide an accounting of how the state funds will be spent:

GSHS is in the process of building a new facility to house homeless pets in Horry County. These funds will help us complete the project.

#### What goals will be accomplished?

Our new facility will allow us to help thousands of stray and owned animals every year.

**Proposed measures to evaluate success in implementing and meeting the goals:** 

We will be tracking our intake and outcome numbers so that we are able to clearly see how many more animals are being saved each year and how quickly we are able to move them through the shelter system.

#### How will the proposed funds benefit the taxpayers of South Carolina?

Grand Strand Humane Society takes in thousands of animals each year that, without our organization, would have nowhere else to go. By keeping these animals off the streets, we are helping to keep our community safe and healthy. Additionally, GSHS operates a low-cost veterinary clinic where we vaccinate thousands of owned pets each year thereby decreasing the risks of public health concerns.

#### Provide a copy of the adopted budget for the current fiscal year. Please see attached.

Dear Representative Brittain,

Grand Strand Humane Society is proud to serve the Myrtle Beach and greater Horry County communities as an open admission animal shelter taking in thousands of abandoned and abused animals each year. Our organization also provides critical resources for tens of thousands more through our walk-in veterinary clinic, free pet food bank, humane education classes for children and offsite community outreach events.

Since its inception in 1972, GSHS has operated on the same small parcel of land at the end of Mr. Joe White Avenue in downtown Myrtle Beach. While that location has served us well over the past fifty years, it can no longer accommodate the increased number of animals that have resulted from a 42% population growth in Horry County since 2010. Our current facility sits on just 0.69 acres of land with no room to expand in any direction. The only solution that will allow us to continue to meet the needs of this growing community is relocating to a larger piece of property that provides the space needed to house and rehabilitate animals in need here in Horry County.

The leadership team at Grand Strand Humane Society has been actively searching for suitable land on which to build a new facility for several years. We have also been diligent in our fundraising efforts so that once land was found, we could move forward with construction as quickly as possible. GSHS has now secured 10 acres of land and we have raised over \$3,250,000 of our \$7,500,000 goal. This includes a \$500,000 contribution from the City of Myrtle Beach demonstrating their support of our mission and confidence in our continued success. Our team has been working with the esteemed architects at LS3P for more than 2 years and we have successfully designed a practical and inviting facility that our community can be proud of.

Our hope is that there may be state funds available to help move our capital campaign forward so that we can better serve our Horry County residents. Grand Strand Humane Society directly serves not only the animals here in our community, but the people as well. We keep sick and injured animals out of neighborhoods and off our roadways, we keep owned pets vaccinated and healthy and we provide critical resources for so many in need. Support at the state level will help us continue our lifesaving mission here along the Grand Strand.

With Sincere Appreciation,

Jessica Wnuk

## Meeting the Needs of our Growing Community

Grand Strand Humane Society has been proud to serve our community for more than 50 years. Our organization provides a safe haven for more than 2,500 animals each year that would otherwise have nowhere else to turn. We work tirelessly to meet their individual needs and provide them with everything they need until they are placed in permanent homes. Additionally, Grand Strand Humane Society provides critical aid to those in our community needing assistance with their own pets. Our goal is always to keep animals in loving homes, where they belong.

Our original facility, located at 3241 Mr. Joe White Ave, was built in 1972 to meet the city's immediate need to temporarily house a few stray animals from time to time. In 2001 GSHS added an additional kennel building and a new administrative building to house our cats, offices and veterinary clinic. The population in Horry County has exploded since 2001. With the influx of new residents came an influx of animals in need. While 3241 Mr. Joe White Ave will always feel like home, GSHS has long outgrown that facility and there is no room to expand at that location.

Over the past several years, our executive team has been honored to work with the esteemed architectural firm, LS3P. Our focus while designing our main facility and the surrounding area has always been to serve our community to the best of our ability. With this new land, we will be able to provide critically necessary resources to the community around us.

Grand Strand Humane Society has been open 7 days/week to the public for more than 4 years now and that will continue once we are in our new facility. This allows members of the public to come in freely and view our adoptable pets, utilize our free community food bank, surrender stray and injured animals in need, volunteer, foster and more. GSHS also operates a low cost, walk-in veterinary clinic that is open to the public several days/week. Those in the community who may not otherwise be able to afford veterinary care, are now able to provide things such as Rabies and Distemper vaccines for their pets creating a happier, healthier and safer community for us all. Our free pet food bank and discounted veterinary clinic are especially critical to our area because they provide the public with a judgment free place to receive assistance for their pets, allowing them to keep them in their homes instead of being forced to surrender them due to financial reasons. To our knowledge there are no similar resources in our immediate vicinity.

In the absence of a main facility we have been unable to hold on - site community events such as our humane education classes. Reaching our youth and teaching proper pet ownership and handling skills is critical and we look forward to being able to provide these programs again. Families will have a safe space to come and learn more about the services that we offer and the resources that we provide. As dog lovers and nature enthusiasts, it is extremely important for us to retain natural trails and large fenced areas for our dogs to run. Our design places these areas beneath the transmission lines so the area is utilized in a way that is beneficial to our organization but not in violation of the existing easements.

Below we have included a more in depth look at why GSHS so desperately needs a new facility and what our plans for that facility and our partnership would look like. We feel confident that together, we can create a safe, welcoming environment that the people and animals of Horry County truly deserve.

## Overwhelming Need for a New Facility

- The original Grand Strand Humane Society facility was built in 1972 and was then expanded in 2001. It was built with a different mindset than the one we have today. At that time, animals that were not immediately reunited with their owners or adopted into new homes were euthanized. Dogs and cats were not spending any length of time in the facility. Now, GSHS is committed to giving every single animal the second chance they deserve which means never euthanizing for time, space, or treatable medical and/or behavioral conditions. Unfortunately, our current facility is not conducive to this mission.
  - The chain link fencing between runs is unsafe and stressful for our dogs- even for short lengths of time
  - There is not an appropriate space to house our small dogs or puppies for any length of time, nor is there a safe place to show them to potential adopters.
  - Cats do not have adequate space as recommended by the Association of Shelter Veterinarians' Guidelines for Standard of Care
  - Animals and staff are forced to be exposed to extreme temperatures and weather conditions due to outside kennels
  - There are no proper quarantine areas in the current shelter where things such as ringworm, parvo, distemper, panleukopenia etc can be treated/isolated
- Our existing facility is in poor condition due to age, type of materials used during the building process, and the number of animals housed daily in the shelter.
  - Dog kennels flood during any heavy rain creating unsafe conditions for the dogs and staff
  - Roofing throughout the majority of the shelter has holes allowing rodents and other wildlife to get inside the facility
  - Standard drywall was used in areas that regularly house shelter animals. This drywall is crumbling and is unable to be properly sanitized for disease control
  - Concrete floors are not sealed preventing proper sanitation and causing floors to remain damp all day if there is any significant level of humidity in the air
  - Dog runs cannot be sanitized adequately due to improper sloping of runs and placement of drains
  - The air handling systems are not suitable for an animal shelter-resulting in poor ventilation, minimal air flow, circulation of bacteria and disease particles, and inadequate temperature control.

- Myrtle Beach was just named the third fastest growing city in the country. People are moving here at an exponential rate and they are bringing their pets with them. Although our population has exploded here in Myrtle Beach, the size of our animal shelter has not grown accordingly.
  - In 2009, GSHS took in 646 animals. Just ten years later in 2019 GSHS took in 2875 animals. We are caring for more than four times the number of animals in the same amount of space.
  - As more people move into our community, the lack of pet friendly housing forces many to surrender their pets leading to an exponential increase in intake numbers. Being a tourist-driven town we also see an influx of people visiting the area with their pets. We see many tourists' pets at the shelter for a number of reasons including owner arrest, lost/found visiting pets or pet abandonment.
  - Due to a lack of space, animals are regularly housed in office areas, medical treatment areas, and in pop up kennels throughout the facility.
  - Not only are we out of space to house animals, we also do not have the room we need for storage, food prep, laundry and dish cleaning, or medical care.
  - Our clinical area is only able to house one surgical table and one vaccination table. We are having to turn community members away due to lack of space to help treat their pets.

## What GSHS is Looking for in a New Facility

- Ability to house more animals.
  - Our current facility can comfortably house 55 large dogs, 11 small dogs, and 82 cats. We need to be able to house 85 large dogs, 25 small dogs and 200 cats to be able to meet the needs of our community.
- A clinic that can properly meet the community's needs.
  - A minimum of three exam rooms so that we can care for public clients and incoming shelter emergencies simultaneously.
  - A surgical suite with two surgery tables and two prep areas.
  - Recovery areas that can house a minimum of 18 cats and 14 dogs.
  - New equipment so that we can properly treat and diagnose injured and ill animals coming into the facility without referring everything out to outside veterinary hospitals wasting precious time and resources.
  - In 2020, we were able to perform 1174 spays and neuters. With a larger surgical suite and the skills of our incoming veterinarian we would be able to perform 3760 spays and neuters. Those additional surgeries would provide much needed income for the shelter and a necessary service to the community.
- Community cat rooms
  - Community rooms allow cats to express normal feline behavior, exercise appropriately, and socialize with one another.
  - Studies show, cats living in community rooms vs cages are happier, are less likely to develop illnesses and transition more quickly to a new home.

- Adoption rates are proven to increase with the use of community cat rooms because potential adopters are able to interact with cats in a more home-like setting.
- Safe, secure, and visually appealing dog runs
  - When adopters walk through our existing kennels they may feel overwhelmed by the dogs barking and jumping with excitement. This behavior is generally caused by the chain link fencing and inability of dogs to have any privacy or personal space. Private plexiglass kennels would allow dogs to decompress and remain calm as adopters walk by.
  - We regularly have dogs fighting through the chain link fencing trying to protect the little space they have.
  - Because the fencing is so old, we are continuously having to reinforce it with steel ties and monitor it for sharp edges that can and do injure the dogs.
- Education Areas
  - Children are the future of animal welfare and it is crucial that we get them involved at a young age. Our new facility will include a large room designated for educational purposes allowing us to reach more children, and host summer camps, birthday parties, etc. to bring awareness and revenue to the shelter.
- Behavioral Center
  - GSHS is fortunate to have a full time enrichment coordinator on our staff. With a dedicated space in which to work, they would be able to employ additional stress relieving techniques.
  - There is a definite need for an indoor area where staff and volunteers can work with our shelter dogs.
  - With a behavior/training room, GSHS would be able to offer discounted training to community members for their dogs which will help keep pets in their homes thereby lowering shelter intake, and it will also provide an additional source of funding for the shelter.
- Cat Cafe
  - There is a growing trend across the country of cat cafes. It would be a natural fit to include one in our new facility as a sustainable source of income and an additional draw for visitors.
  - A cat cafe would showcase our adoptable cats in an innovative way.
- Proper Storage / Prep areas
  - A laundry room built to handle the amount of linens we use on a daily basis.
     Volunteers currently take laundry home every night to wash and dry in their personal machines just to keep up with what we go through.
  - A dishwashing station that allows for the proper sanitation of food bowls and litter boxes.
  - Storage areas that are not exposed to the elements or wildlife and are large enough to comfortably house all incoming donations. Right now we are using our transport van and over a dozen volunteer garages to house our donations of food, linens and other donations.

## Proposed Schedule for Construction and Commencement of Operations

Our preliminary architectural designs have been completed and we are prepared to move forward with permitting and the subsequent construction process immediately.

April 2024 - Land acquired

- June 2024 Site plans submitted by civil engineer to Horry County Planning and Zoning
- January 2025 Site plans approved
- February 2025 Building plans submitted by LS3P to Horry County Code Enforcement
- May 2025 Building plans approved
- June 2025 Construction commences
- March 2026 Certificate of occupancy received
- April 2026 General operations commence

Our goal is to move this timeline along as quickly as possible. While this is a realistic timeline based on current processing times in Horry County, our hope is that because Grand Strand Humane Society is a critical community resource, some of this may be expedited in order to better serve the people and animals along the Grand Strand.

## Mission of Grand Strand Humane Society

Below, please find a brief description of our organization's mission. See also our attached 501c3 determination letter designating Grand Strand Humane Society as a non-profit.

Grand Strand Humane Society exists to improve the quality of life for companion animals by providing shelter and care to the lost, homeless, helpless and unwanted animals of our community. We focus on finding adoptive homes for the animals in our shelter, providing low-cost veterinary care to the public, and through community involvement and education further the bond between people and animals.

Grand Strand Humane Society is an open admission shelter taking in animals brought in by the City of Myrtle Beach Animal Control officers and from citizens within the Myrtle Beach city limits. Years ago we made the decision to stop euthanizing healthy, adoptable animals for space and it was the right decision and the only option for Grand Strand Humane Society. The decision did increase our financial struggle, but we will continue finding every healthy, adoptable animal a forever family as long as it is financially feasible. Because of these efforts we are now proud to be a part of the No-Kill South Carolina community.

Grand Strand Humane Society is further committed to providing excellent customer service to those people visiting our facility in the hopes that all our animals can find caring and loving homes.

Grand Strand Humane Society also strives to educate our community about responsible pet ownership and works hard to investigate and prevent animal cruelty of all kinds. We make every effort to provide all communities within our area cost-effective adoption rates as well as low-cost spay & neuter surgeries and preventative healthcare services. May 7, 2024

#### RE: Updated Opinion of Probable Cost (OOPC)

Dear Jess:

We have reviewed available data for construction cost per square foot for the current building layout and site location. We have run a cost report for the building in two sections. Our expectation is that the "Front of House" area that includes the clinic, lobby, etc. will be more expensive per square foot than the kennel area. A more accurate opinion of cost may be derived if we study them separately. We have also reviewed site costs for this location given the size of the parcel and clearing and grading that will be required to support the development. This is to establish a baseline hard cost for the building and site work. The costs below do not include FF&E and soft costs such as professional fees, licensing, tap and impact fees, interest, etc.

Sitework (Clearing, Grading, Parking, Storm Water, Hardscape, Landscape / Buffers, Utilities, and Access, etc.):

6 ac x \$200,000/ac =

\$1,200,000 (we welcome feedback from Earthworks to verify)

Front of House (Lobby, Cats, Clinic, Administration, and Multi, etc.): 15,000sf x \$200/sf = \$3,000,000

Kennels (Dog Kennels, Circulation, Runs, Quarantine, and Storage, etc. NOT including open roofed areas for runs) 24,000sf x \$115/sf = \$2,760,000

 Sub-Total:
 \$6,960,000 [\$7,000,000 rounded]

 Not including contingency
 Low Range \$7,000,000

 5% contingency
 Mid Range \$7,350,000

 10% contingency
 High Range \$7,700,000

The opinion range above is based on 2024/5 potential costs.

Description	Budget	Explanation	
Construction of a new facility.		GSHS is in the process of building a new facility to house homeless pets in	
	\$2,000,000.00	Horry County. These funds will help us complete the project.	
Grand Total	\$2,000,000.00		

#### Please explain how these funds will be used to provide a public benefit:

Grand Strand Humane Society takes in thousands of animals each year that, without our organization, would have nowhere else to go. By keeping these animals off the streets, we are helping to keep our community safe and healthy. Additionally, GSHS operates a low cost veterinary clinic where we vaccinate thousands of owned pets each year thereby decreasing the risks of public health concerns.

Our vision for the new Grand Strand Humane Society is exciting and forward thinking in terms of sustainability in our building and room for future growth. Our new, modern facility will provide a comfortable, stress-free environment for animals in our care and offer space to accommodate quality humane educational and outreach programs for children and adults in our community as well as accommodate the future needs of our area's homeless pet population. To continue our life-saving mission our goal is simple. Create a community-centered, community-focused resource to serve the growing community.
