Re: 401 Certification for Authorization of Impact To Include Boring of Not More Than 543.7 Linear Feet, Temporary Impacts To 2.077 Acres of Waters of the US, and Permanent Impacts to 60 Linear Feet of Intermittent/Perennial Streams, Including Wetlands, Pursuant to Nationwide Permit 12 (Utility Line Activities)

Applicant Permit ID No.: SAC 2014-00925

Applicant: Dominion Resources Services Inc – Eastover Pipeline Project

County: Calhoun and Richland County

Dear Mr. Kopac:

The US Army Corps of Engineers (Corps) issued a final notice in the Federal Register on February 21, 2012 reissuing the Corps' Nationwide Permits (NWP). NWP authorize activities that have minimal individual and cumulative adverse effects on the aquatic environment. On April 23, 2012, the South Carolina Department of Health and Environmental Control (Department) certified the NWP in accordance with Section 401 of the Clean Water Act and the S.C. Coastal Zone Management Act (48-39-10 et seq.).

The Department has reviewed the above-reference project in accordance with the April 23, 2012 certification and, provided the applicant adheres to the certification conditions outlined in the attached document, the Department has determined that there is a reasonable assurance that the work authorized will be conducted in a manner consistent with the certification requirements of Section 401 of the Clean Water Act.

Sincerely,

A handwritten signature in black ink that reads "Monica Taylor". The signature is written in a cursive style with a large, looping "M" and "T".

Monica Taylor
