Re: Congaree River/No Impact Certification

Dear Mr. Biery:

The County Engineer and I have reviewed the submitted No Rise/ No Impact Certification for the Congaree River Cleanup and removal project. The information provided indicates that the project will meet the minimum provisions of section 26-106 of the Richland County Land Development Code.

The project falls under the jurisdiction of the City of Columbia who will give the final approval for permitting once the US Army Corp of Engineers permit has been issued. At that time, Richland County will concur with the determination of the City of Columbia.

If you have additional questions or need assistance, please do not hesitate to contact me at 803-576-2158 or by email at brown.heather@richlandcountysc.gov.

Sincerely,

A handwritten signature in cursive script that reads "Heather Brown".
