Ridgeland, SC 29936

**RE: Closure Letter**  
Able Contracting C&D Processing Facility  
Jasper County

Dear Mr. Lloyd:

The South Carolina Solid Waste Policy and Management Act of 1991 (Act) S.C. Code Ann. § 44-96-360(D)(2) (Rev. 2018 and Supp. 2018) states that “a facility that recycles construction and demolition debris must submit a complete permit application to the department or complete closure in accordance with this section and regulations promulgated pursuant to this section within twelve months of the effective date of this subsection.” The effective date to submit a completed permit application or complete closure was May 3, 2019. On August 5, 2019, Able Contracting, Inc., withdrew its previously submitted permit application (which was not complete at the time of submittal) for a Solid Waste Processing Facility located at 472 Schinger Avenue in Ridgeland, South Carolina. As a result of withdrawing the permit application to process construction and demolition debris, this letter serves as notification that you may no longer accept any construction and demolition debris or other related materials at this location and should immediately begin the closure process for this facility. The Department is requiring that you provide a plan to remove all remaining materials at this location and perform any additional closure activities necessary to ensure that no environmental contamination remains as a result of previous operations. This plan should be submitted to the Department no later than September 18, 2019. No extension to this deadline will be granted.

Further, the Department requires that all materials remaining at this location after completion of emergency actions currently being conducted by USEPA and the Department be removed, and closure activities completed in accordance with a schedule approved by the Department. Failure to comply with these directives will subject you to enforcement action by the Department.

Thank you for your prompt attention to this matter. If you have any questions, please contact Marty Lindler at (803) 898-0456 or [lindlema@dhec.sc.gov](mailto:lindlema@dhec.sc.gov).

Sincerely,

Van Keisler, Director  
Division of Compliance and Enforcement  
Bureau of Land and Waste Management
