To: S.C. Department of Health and Environmental Control

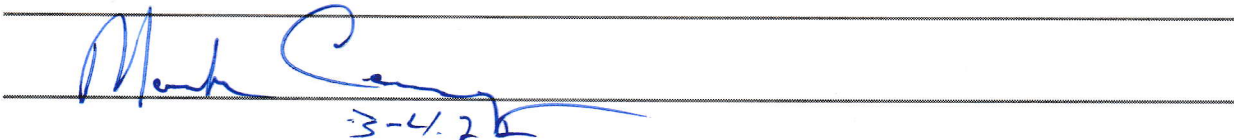

ATTN: Kaylin Joye - Project Manager  
Division of Mining and Solid Waste Management

We, as Horry County Councilman, have heard the justifiable concerns of our county residents of Edge Road, Conway, SC and collectively support them in their opposition to the pending permit of Soilutions, LLC to mine 23 acres located at PIN #'s 361-05-01-0001, 361-00-00-0009, and 361-00-00-0010. Some members of council have personally examined the road and find it extremely unlikely to successfully and lawfully travel to Old Highway 90 without trespassing on landowners properties, at the roads most narrow width, or jeopardizing the living conditions of residents in close proximity to the road. We reinforce their collected statements, petitions, and/or letters of opposition to not approve Soilutions, LLC Edge Road Mine.

Danny Hardee
