Consent Agreement (CA) 19-02-HW  
File # 51377

Dear Ms. Joyner:

The South Carolina Department of Health and Environmental Control requests Westinghouse. Continue sampling all the groundwater monitoring wells (one hundred and eighteen (118)) and analyzing for volatile organic compounds, nitrate, fluoride, isotopic uranium, and technetium-99. Once a remedy is selected and implemented then a groundwater monitoring plan should be submitted to the Department outlining the long-term monitoring requirements for the site. Please feel free to contact me with any questions or comments at (803) 898-0722 or [kuhnkm@dhec.sc.gov](mailto:kuhnkm@dhec.sc.gov).

Sincerely,
