Please accept this letter in support of reclassifying the waters of Sewee Bay and the ICW from Vening Creek to Morgan Creek from Shellfish Harvesting Water to Outstanding Resource Water.

I am a property owner and resident of Awendaw and am deeply concerned about protection of a resource that can't simply be remediated after the harm has occurred. Do you really need more evidence of what happens when these delicate areas are not protected?

Please stand up and be proactive in protecting and reclassifying these waters.

Thank you,

Tom Powell
